About Us

Founded in 2019, Globus Food Industries SMC Limited was born out of a simple yet ambitious vision: to craft high-quality, affordable snacks for the Ugandan and regional markets. With early support from the President of Uganda and key government initiatives, we laid the foundation for a proudly local brand with a global outlook.

Recognized as Best Snack Manufacturer and Brand at the Consumers Choice Awards for two consecutive years, our product range includes over 25 snack varieties across 6 main categories: potato, banana, cassava, corn-based, and wheat-based snacks.
